Firm Description

Gen Next Wealth, Inc. (“GNW”) was founded in 2017. Emlen Miles-Mattingly is 100% owner.

GNW is a fee-only financial planning and investment management firm. GNW does not sell annuities or insurance products

Investment advice is provided, with the Client making the final decision on investment selection. GNW does not act as a custodian of Client assets.

An evaluation of each Client's initial situation is provided to the Client, often in the form of a net worth statement, risk analysis or similar document. Periodic reviews are also communicated to provide reminders of the specific courses of action that need to be taken. More frequent reviews occur but are not necessarily communicated to the Client unless immediate changes are recommended.

Other professionals (e.g., lawyers, accountants, tax preparers, insurance agents, etc.) are engaged directly by the Client on an as-needed basis and may charge fees of their own. Conflicts of interest will be disclosed to the Client in the event they should occur.

Types of Advisory Services

ASSET MANAGEMENT - THIRD PARTY MANAGERS

When deemed appropriate for the client, we may recommend that clients utilize the services of a Third Party Manager (“TPM”) to manage a portion of, or your entire portfolio. All TPMs that GNW recommends must either be registered as investment advisers with the Securities and Exchange Commission or with the appropriate state authority(ies).

After gathering information about your financial situation and objectives, an Associated Person of our firm will make recommendations regarding the suitability of a TPM or investment style based on, but not limited to, your financial needs, investment goals, tolerance for risk, and investment objectives. Upon selection of a TPM, GNW will monitor the performance of the TPM to ensure their performance and investment style remains aligned with your investment goals and objectives.

Orion Portfolio Solutions, LLC (OPS)

GNW offers non-discretionary management services through a program sponsored by Orion Portfolio Solutions, LLC (OPS) (“FTJ”). The terms and conditions under which the client shall engage Orion Portfolio Solutions, LLC (OPS) shall be set forth in separate written agreements between (1) the client and GNW and (2) the client and Orion Portfolio Solutions, LLC (OPS). GNW shall continue to render advisory services to the client relative to the ongoing monitoring and review of account performance, for which GNW shall receive an annual advisory fee which is based upon a percentage of the market value of the assets being managed by Orion Portfolio Solutions, LLC (OPS). Factors that GNW shall consider in recommending Orion Portfolio Solutions, LLC (OPS) include the client’s stated investment

objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research. In addition to GNW's written disclosure statement, the client shall also receive the written disclosure statement of Orion Portfolio Solutions, LLC (OPS). Clients should review Orion Portfolio Solutions, LLC (OPS)'s ADV Part 2 or Terms of Use for additional details regarding services.

In such circumstances, GNW receive solicitor fees from the TPM. GNW acts as the liaison between the client and the TPM in return for an ongoing portion of the advisory fees charged by the TPM. GNW helps the client complete the necessary paperwork of the TPM, provides ongoing services to the client, will provide the TPM with any changes in client status as provided to us by the client and review the quarterly statements provided by the TPM. GNW will deliver the Form ADV Part 2, Privacy Notice and Solicitors Disclosure Statement of the TPM. Clients placed with TPM will be billed in accordance with the TPM's Fee Schedule which will be disclosed to the client prior to signing an agreement. This is detailed in Item 10 of this brochure.

FINANCIAL PLANNING AND CONSULTING

If financial planning services are applicable, a thorough review of all applicable topics including but not limited to, Wills, Estate Plans and Trusts, Investments, Taxes, Qualified Plans, Insurance, Retirement Income, Social Security, and College Planning will be reviewed. If a conflict of interest exists between the interests of GNW and the interests of the Client, the Client is under no obligation to act upon the GNW's recommendation. If the Client elects to act on any of the recommendations, the Client is under no obligation to effect the transaction through GNW. Financial plans will be completed and delivered inside of thirty (30) days contingent upon timely delivery of all required documentation.

Tax Preparation Services

We provide tax preparation services for our clients utilizing XY Tax Solutions ("XYTS") for tax preparation services to assist with the filing of federal and state tax returns for individuals and businesses. We may ask for an explanation or clarification of some items, but we will not audit or otherwise verify client data. The client is responsible for the completeness and accuracy of information used to prepare the returns. Our responsibility is to prepare the returns in accordance with applicable tax laws. We will utilize the services of a third party accounting, bookkeeping, and tax preparation firm to facilitate the preparation and filing of your tax return and we will work with you and the third party in order to gather the necessary information as part of this service. We may observe opportunities for tax savings that require planning or changes in the way the client handles some transactions. While an engagement for tax return preparation does not include significant tax planning services, we will share any ideas we have with you and discuss terms for any additional work that may be required to implement those ideas.

Estate Planning

GNW offers estate planning services, both as a part of the firm's financial planning packages, and as a stand-alone service. GNW offers this service through third-party

providers, and the service usually includes a written set of estate planning recommendations and an analysis of your exposure to estate taxes and your current estate plan, which may include whether you have a will, powers of attorney, trusts, and other related documents. Our advice also typically includes ways for you to minimize or avoid future estate taxes by implementing appropriate estate planning strategies such as the use of applicable trusts. We always recommend that you consult with a qualified attorney when you initiate, update, or complete estate planning activities. We may provide you with contact information for attorneys who specialize in estate planning when you wish to hire an attorney for such purposes. From time-to-time, we will participate in meetings or phone calls between you and your attorney with your approval or request.

SEMINARS AND WORKSHOPS

GNW holds seminars and workshops to educate the public on different types of investments and the different services they offer. The seminars are educational in nature and no specific investment or tax advice is given.

Client Tailored Services and Client Imposed Restrictions

The goals and objectives for each Client are documented in our Client files. Investment strategies are created that reflect the stated goals and objectives. Clients may impose restrictions on investing in certain securities or types of securities.

Agreements may not be assigned without written Client consent.

Wrap Fee Programs

GNW does not sponsor any wrap fee programs.

Client Payment of Fees

Orion Portfolio Solutions, LLC (OPS)

Investment management fees are deducted monthly in arrears by FTJ, meaning the amount will be deducted from the account after the one-month period has started.

Clients pay the TPMs' investment advisory fees. Prior to signing an investment advisory agreement, the method of payment will be disclosed in the TPM's Form ADV Part 2. Fees for financial plans are billed 50% in advance with the balance due upon plan delivery.

GNW, in its sole discretion, may waive its minimum fee and/or charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.).

Additional Client Fees Charged

Custodians may charge transaction fees on purchases or sales of certain mutual funds, equities, and exchange-traded funds. These charges may include mutual fund transactions fees, postage and handling and miscellaneous fees.

GNW, in its sole discretion, may waive its minimum fee and/or charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.)

For more details on the brokerage practices, see Item 12 of this brochure.

Prepayment of Client Fees

Financial planning fees will be billed half of the estimated fee at the signing of the agreement with the balance due upon delivery of the completed plan.

After five (5) business days, GNW will be entitled to a pro rata fee for the days service was provided in the quarter.

External Compensation for the Sale of Securities to Clients

GNW does not receive any external compensation for the sale of securities to Clients, nor do any of the investment advisor representatives of GNW.

Item 6: Performance-Based Fees and Side-by-Side Management

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

GNW does not use a performance-based fee structure because of the conflict of interest. Performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the Client.

Item 7: Types of Clients

Description

GNW generally provides investment advice to individuals. Client relationships vary in scope and length of service.

Account Minimums

GNW does not require a minimum to open an account however certain TPMs GNW refers its' Clients to may.

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods may include fundamental analysis and technical analysis. Investing in securities involves risk of loss that clients should be prepared to bear. Past performance is not a guarantee of future returns.

Fundamental analysis involves evaluating a stock using real data such as company revenues, earnings, return on equity, and profit margins to determine underlying value and potential growth. Technical analysis involves evaluating securities based on past prices and volume.

TPMs utilized by GNW may use various methods of analysis to determine the proper strategy for the Client referred and these will be disclosed in the TPM's Form ADV Part 2. Investing in securities involves risk of loss that Clients should be prepared to bear. Past performance is not a guarantee of future returns. Other strategies utilized by TPMs may include long-term purchases, short-term purchases, trading, and option writing (including covered options, uncovered options or spreading strategies).

In developing a financial plan for a Client, GNW's analysis may include cash flow analysis, investment planning, risk management, tax planning and estate planning. Based on the information gathered, a detailed strategy is tailored to the Client's specific situation.

The main sources of information used may include financial newspapers and magazines, research materials prepared by others, corporate rating services, annual reports, prospectuses, and filings with the Securities and Exchange Commission.

Investment Strategy

The investment strategy for a specific Client is based upon the objectives stated by the Client during consultations. The Client may change these objectives at any time. Each Client executes a Client profile form or similar form that documents their objectives and their desired investment strategy.

Other strategies may include long-term purchases and short-term purchases.

Security Specific Material Risks

All investment programs have certain risks that are borne by the investor. Fundamental analysis may involve interest rate risk, market risk, business risk, and financial risk. Risks involved in technical analysis are inflation risk, reinvestment risk, and market risk. Cyclical analysis involves inflation risk, market risk, and currency risk.

Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks and should discuss these risks with GNW:

- *Interest-rate Risk:* Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- *Market Risk:* The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.

- *Inflation Risk:* When any type of inflation is present, a dollar today will buy more than a dollar next year, because purchasing power is eroding at the rate of inflation.
- *Currency Risk:* Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- *Reinvestment Risk:* This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- *Business Risk:* These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- *Liquidity Risk:* Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- *Financial Risk:* Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

The specific risks associated with financial planning include:

- Risk of Loss
 - Client fails to follow the recommendations of GNW resulting in loss.
 - Client has changes in financial status or lifestyle and therefore plan recommendations are no longer valid.

The risks associated with utilizing TPMs include:

- Manager Risk
 - The TPM fails to execute the stated investment strategy
- Business Risk
 - TPM has financial or regulatory problems
- The specific risks associated with the portfolios of the TPM's which is disclosed in the TPM's Form ADV Part 2.

Recommendations or Selections of Other Investment Advisors and Conflicts of Interest

GNW solicits the services of TPMs to manage Client accounts. In such circumstances, GNW receives solicitor fees from the TPM. GNW acts as the liaison between the Client and the TPM in return for an ongoing portion of the advisory fees charged by the TPM. GNW is responsible for:

- helping the Client complete the necessary paperwork of the TPM;
- providing ongoing services to the Client;
- updating the TPM with any changes in Client status which is provide to GNW by the Client;
- reviewing the quarterly statements provided by the TPM; and
- delivering the Form ADV Part 2, Privacy Notice and Solicitors Disclosure Statement of the TPM to the Client.

Clients placed with TPMs will be billed in accordance with the TPM's fee schedule which will be disclosed to the Client prior to signing an agreement. When referring Clients to a TPM, the Client's best interest will be the main determining factor of GNW. GNW ensures that before selecting other advisers for Client that the other advisers are properly licensed or registered as an investment adviser.

These practices represent conflicts of interest because GNW is paid a Solicitor Fee for recommending the TPMs and may choose to recommend a particular TPM based on the fee GNW is to receive. This conflict is mitigated by disclosures, procedures and the firm's fiduciary obligation to act in the best interest of his Clients. Clients are not required to accept any recommendation of TPMs given by GNW and have the option to receive investment advice through other money managers of their choosing.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics Description

The employees of GNW have committed to a Code of Ethics (“Code”). The purpose of our Code is to set forth standards of conduct expected of GNW employees and addresses conflicts that may arise. The Code defines acceptable behavior for employees of GNW. The Code reflects GNW and its supervised persons’ responsibility to act in the best interest of their Client.

One area the Code addresses is when employees buy or sell securities for their personal accounts and how to mitigate any conflict of interest with our Clients. We do not allow any employees to use non-public material information for their personal profit or to use internal research for their personal benefit in conflict with the benefit to our Clients.

GNW’s policy prohibits any person from acting upon or otherwise misusing non-public or inside information. No advisory representative or other employee, officer or director of GNW may recommend any transaction in a security or its derivative to advisory Clients or engage in personal securities transactions for a security or its derivatives if the advisory representative possesses material, non-public information regarding the security.

GNW’s Code is based on the guiding principle that the interests of the Client are our top priority. GNW’s officers, directors, advisors, and other employees have a fiduciary duty to our Clients and must diligently perform that duty to maintain the complete trust and confidence of our Clients. When a conflict arises, it is our obligation to put the Client’s interests over the interests of either employees or the company.

The Code applies to “access” persons. “Access” persons are employees who have access to non-public information regarding any Clients’ purchase or sale of securities, or non-public information regarding the portfolio holdings of any reportable fund, who are involved in making securities recommendations to Clients, or who have access to such recommendations that are non-public.

The firm will provide a copy of the Code of Ethics to any Client or prospective Client upon request.

GNW and its employees do not recommend to Clients securities in which we have a material financial interest.

trading of employees does not affect the markets and that Clients of the firm receive preferential treatment over employee transactions.

GNW does not maintain a firm proprietary trading account and does not have a material financial interest in any securities being recommended and therefore no conflicts of interest exist. However, employees may buy or sell securities at the same time they buy or sell securities for Clients. Item 14: Client Referrals and Other Compensation

Economic benefits provided to the Advisory Firm from External Sources and Conflicts of Interest

We do not receive any economic benefit, directly or indirectly, from any third party for advice rendered to our clients. Nor do we, directly or indirectly, compensate any person who is not advisory personnel for client referrals.

Item 15: Custody

Account Statements

All assets are held at qualified custodians, which means the custodians provide account statements directly to Clients at their address of record at least quarterly. Clients are urged to compare the account statements received directly from their custodians to any documentation or reports prepared by GNW.

Item 16: Investment Discretion

Discretionary Authority for Trading

GNW accepts non-discretionary authority to manage securities accounts on behalf of Clients. GNW will obtain prior Client approval before executing each transaction.

The Client approves the custodian to be used and the commission rates paid to the custodian. GNW does not receive any portion of the transaction fees or commissions paid by the Client to the custodian.

Item 17: Voting Client Securities

Proxy Votes

GNW does not vote proxies on securities. Clients are expected to vote their own proxies. The Client will receive their proxies directly from the custodian of their account or from a transfer agent.

When assistance on voting proxies is requested, GNW may provide recommendations to the Client. If a conflict of interest exists, it will be disclosed.

Item 18: Financial Information

Balance Sheet

A balance sheet is not required to be provided because GNW does not serve as a custodian for Client funds or securities and GNW does not require prepayment of fees of more than \$500 per Client and six months or more in advance.
